Top 10 skills in demand*

Proportion of job ads

Source: Lightcast, Nov-2022 to Jan-2023

*Lightcast (formerly Burning Glass technologies) is the source for skills in demand as it provides detailed text descriptions used in job vacancies. The JSA Internet Vacancy Index and Lightcast data are not directly comparable. The top 10 skills are baseline skills and exclude specialised skills. Proportions are calculated as a share of job ads which mention baseline skills. Some skills may have similar names but have different definitions in the Lightcast skills taxonomy.

Insights from the Recruitment Experiences and Outlook Survey

New South Wales

Information on this page is based on the Recruitment Experiences and Outlook Survey, which is an ongoing survey of employers across Australia run by JSA. The survey collects insights on a range of topics, including recruitment activity, recruitment difficulty and employers' future staffing expectations. Data are for the year to February 2023, unless otherwise indicated.

Recruitment activity and experiences

In New South Wales, there were 2,556 responding employers in the 12 months to February 2023, of whom 56% were recruiting or had recruited over the past month. Of these recruiting businesses, 67% had difficulty recruiting. By comparison, 57% of employers were recruiting in Australia over the same period, of whom 67% had difficulty recruiting.

Employers in New South Wales were most likely to report the following reasons for recruitment difficulty:

- Lack of applicants
- Lack of suitable applicants
- Undesirable working conditions/hours
- Applicants lack technical skills.

A chart showing reasons for recruitment for New South Wales and Australia is included to the right.

Note: employers can select multiple reasons for recruitment difficulty.

Recruitment methods

proportion of employers who were recruiting

Note: employers can select multiple methods of recruitment.

Due to small sample sizes for data for the territories, caution should be exercised interpreting these results. Weighted data are used for New South Wales and Australia. Number of responses for each item varies depending on whether employers recruited or not. Reasons for recruitment difficulty data are only available for employers who have completed recruitment.
