*Lightcast (formerly Burning Glass technologies) is the source for skills in demand as it provides detailed text descriptions used in job vacancies. The JSA Internet Vacancy Index and Lightcast data are not directly comparable. The top 10 skills are baseline skills and exclude specialised skills. Proportions are calculated as a share of job ads which mention baseline skills. Some skills may have similar names but have different definitions in the Lightcast skills taxonomy.

Insights from the Recruitment Experiences and Outlook Survey

North and North Western Tasmania

Information on this page is based on the Recruitment Experiences and Outlook Survey, which is an ongoing survey of employers across Australia run by JSA. The survey collects insights on a range of topics, including recruitment activity, recruitment difficulty and employers' future staffing expectations. Data are for the year to February 2023, unless otherwise indicated.

Recruitment methods

Note: employers can select multiple methods of recruitment.

Due to small sample sizes for regional data, caution should be exercised interpreting these results. Unweighted data are used for North and North Western Tasmania, while weighted data are used for Tasmania. Number of responses for each item varies depending on whether employers recruited or not. Reasons for recruitment difficulty data are only available for employers who have completed recruitment.
