Notes: Data in the labour market summary table are seasonally adjusted estimates, except for the youth unemployment rate which is a 12-month average of original estimates. * With the cessation of jobactive and the commencement of Workforce Australia, caseload data is temporarily unavailable. Department of Social Services (DSS) data on job seeker income support payments has been included instead. Note that not everyone in receipt of income support is on the caseload. **DSS job seeker payments include those who are in receipt of either JobSeeker (aged 22 and over but under the Age Pension qualifying age) or Youth Allowance (other) payments (those aged 16 to 21). Data are published on data.gov.au. ** ERP estimates are only available by standard 5 year age groups. For further information about the data, refer to the Employment Region Labour Market Dashboards data sources and quality document on labourmarketinsights.gov.au or jobsandskills.gov.au.
