

Employment Region Industry profile

Barwon Employment Region

Release date: 27 March 2025

Overview

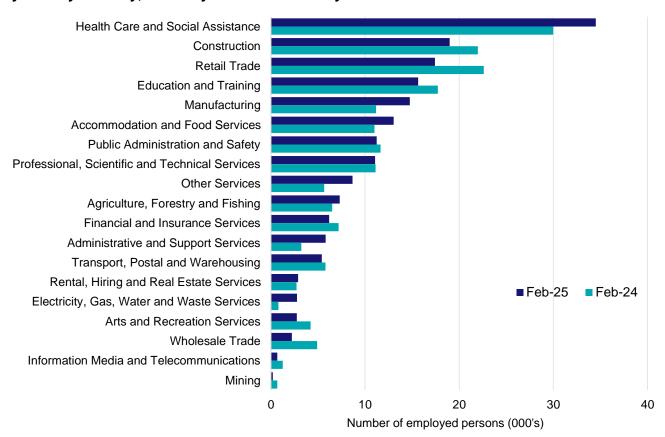

In February 2025, there were around 181,500 people employed in the Barwon Employment Region. The 5 largest employing industries in the region were Health Care and Social Assistance, Construction, Retail Trade, Education and Training, and Manufacturing. Together these 5 industries accounted for 56% of employment in the region.

Over the year to February 2025, employment in:

- Health Care and Social Assistance rose by 15.0% to stand at 34,500
- Construction fell by 13.7% to stand at 19,000
- Retail Trade fell by 22.9% to stand at 17,400.

In Health Care and Social Assistance in the Barwon Employment Region, 55% of workers were employed part-time; 79% were female; and the median age of the workforce was 42.

Employment by industry, February 2025 and February 2024

Source: ABS Labour Force Survey*, Detailed, four quarter averages, February 2025. Note that total employment for the region (four quarter averaged data) will not match data published in the Employment Region Labour Market dashboards (modelled estimates).

*ABS Labour Force Survey data are based on the Geelong SA4.

Notes: Data are the latest available. A high degree of caution should be exercised when interpreting data at the regional level, particularly in regards to percentage changes, given the volatility of the underlying data. For any enquiries related to the data in this report, please contact RegionalWorkforceAssessment@jobsandskills.gov.au

Notes: In each chart, the solid line is the level of employment and the dotted line is a simple linear trend line for the 10 year period. Given the volatility of the underlying data, employment estimates should be treated with a high degree of caution. Particular focus should be placed on the employment series over time to ascertain more reliable long-term growth trends.

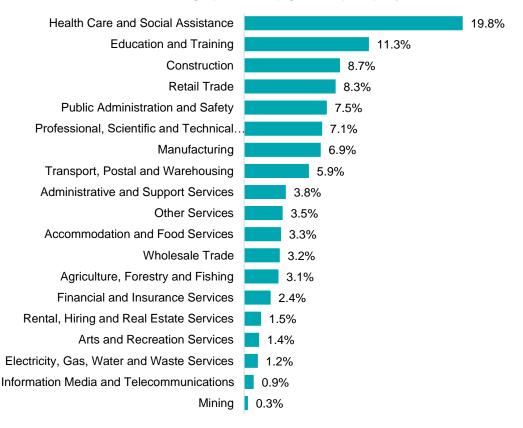

Employment characteristics by Industry
