

Employment Region Industry profile

New England and North West Employment Region

Release date: 27 March 2025

Overview

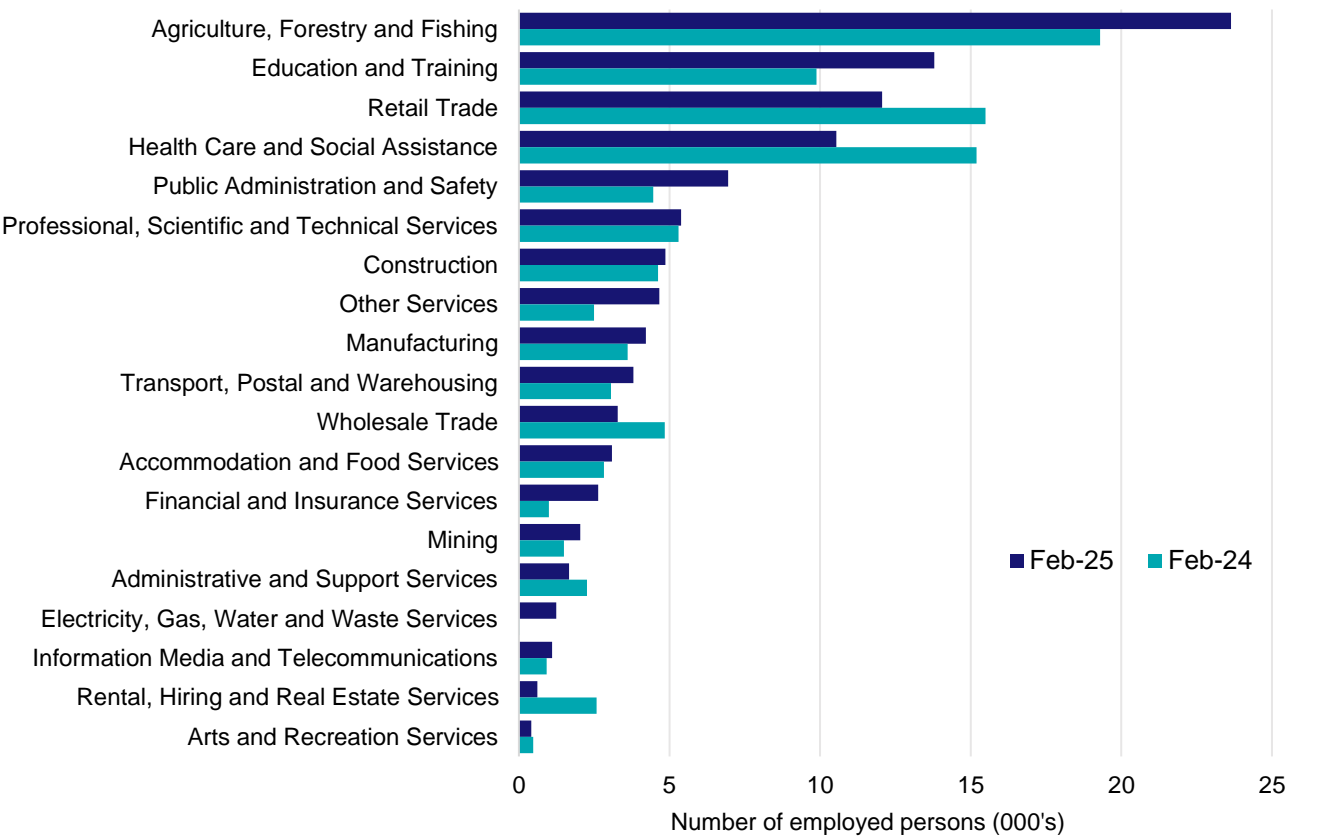

In February 2025, there were around 106,000 people employed in the New England and North West Employment Region. The 5 largest employing industries in the region were Agriculture, Forestry and Fishing, Education and Training, Retail Trade, Health Care and Social Assistance, and Public Administration and Safety. Together these 5 industries accounted for 63% of employment in the region.

Over the year to February 2025, employment in:

- Agriculture, Forestry and Fishing rose by 22.5% to stand at 23,600
- Education and Training rose by 39.5% to stand at 13,800
- Retail Trade fell by 22.2% to stand at 12,100.

In Agriculture, Forestry and Fishing in the New England and North West Employment Region, 67% of workers were employed full-time; 66% were male; and the median age of the workforce was 51.

Employment by industry, February 2025 and February 2024

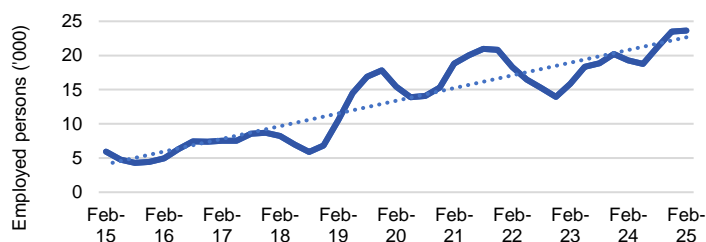

Source: ABS Labour Force Survey*, Detailed, four quarter averages, February 2025. Note that total employment for the region (four quarter averaged data) will not match data published in the Employment Region Labour Market dashboards (modelled estimates).

*ABS Labour Force Survey data are based on the New England and North West SA4.

Notes: Data are the latest available. A high degree of caution should be exercised when interpreting data at the regional level, particularly in regards to percentage changes, given the volatility of the underlying data. For any enquiries related to the data in this report, please contact RegionalWorkforceAssessment@jobsandskills.gov.au

Source: ABS Labour Force Survey, Detailed, four quarter averages, February 2025, except youth and mature age data which are from the ABS Census of Population and Housing, 2021.

Notes: In each chart, the solid line is the level of employment and the dotted line is a simple linear trend line for the 10 year period. Given the volatility of the underlying data, employment estimates should be treated with a high degree of caution. Particular focus should be placed on the employment series over time to ascertain more reliable long-term growth trends.

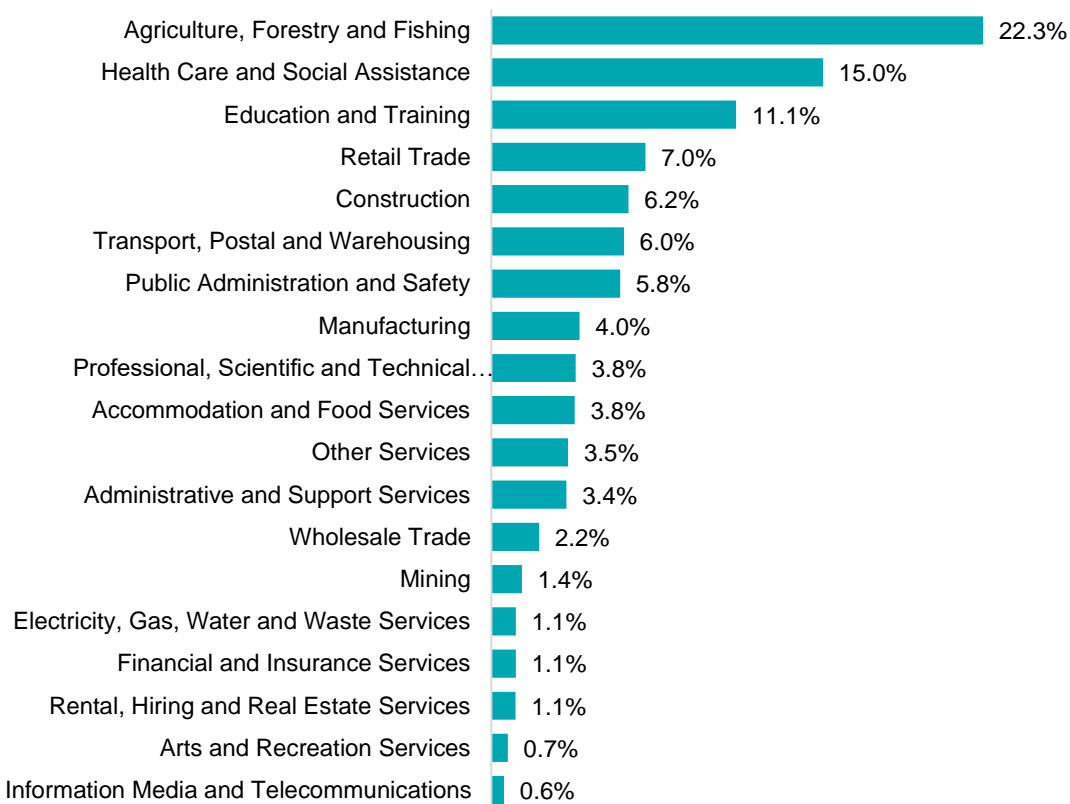

Employment characteristics by Industry

Which industries are youth (aged 15-24) employed in?
