

Employment Region Industry profile

North Eastern Melbourne Employment Region

Release date: 25 September 2025

Overview

In August 2025, there were around 610,100 people employed in the North Eastern Melbourne Employment Region. The 5 largest employing industries in the region were Health Care and Social Assistance, Professional, Scientific and Technical Services, Construction, Education and Training, and Retail Trade. Together these 5 industries accounted for 58% of employment in the region.

Over the year to August 2025, employment in:

- Health Care and Social Assistance fell by 5.2% to stand at 102,100
- Professional, Scientific and Technical Services rose by 18.2% to stand at 69,100
- Construction rose by 9.5% to stand at 67,400.

In Health Care and Social Assistance in the North Eastern Melbourne Employment Region, 53% of workers were employed part-time; 79% were female; and the median age of the workforce was 42.

Employment by industry, August 2025 and August 2024

Source: ABS Labour Force Survey*, Detailed, four quarter averages, August 2025. Note that total employment for the region (four quarter averaged data) will not match data published in the Employment Region Labour Market dashboards (modelled estimates).

*ABS Labour Force Survey data are based on the combined SA4s of Melbourne - North East; and Melbourne - Outer East.

Notes: Data are the latest available. A high degree of caution should be exercised when interpreting data at the regional level, particularly in regards to percentage changes, given the volatility of the underlying data. For any enquiries related to the data in this report, please contact RegionalWorkforceAssessment@jobsandskills.gov.au

Source: ABS Labour Force Survey, Detailed, four quarter averages, August 2025, except youth and mature age data which are from the ABS Census of Population and Housing, 2021.

Notes: In each chart, the solid line is the level of employment and the dotted line is a simple linear trend line for the 10 year period. Given the volatility of the underlying data, employment estimates should be treated with a high degree of caution. Particular focus should be placed on the employment series over time to ascertain more reliable long-term growth trends.

Employment characteristics by Industry

Which industries are youth (aged 15-24) employed in?

Source: ABS Census of Population and Housing, 2021.

Which industries are mature age persons (aged 55+) employed in?

Source: ABS Census of Population and Housing, 2021. Note: SA2 level Census data have been aggregated to the Employment Region level.
