LGA's with highest unemployment rates (%)

Local Government Area (LGA)	Sep-25 (%)	Sep-24 (%)
Collie	5.6	6.3
Bunbury	4.8	5.4
Manjimup	3.2	3.5
Nannup*	2.9	3.0
Harvey	2.5	2.7

Note: * data should be used with caution due to the small size of the labour force. For more insights, access SALM data via DEWR Source: Department of Employment and Workplace Relations Small Area Labour Markets, smoothed data, June -25 quarter

Note: Data are not readily available by Employment Region. ABS modelled estimates are based on the Bunbury SA4. The Internet Vacancy Index (IVI) and income support data are apportioned to Employment Regions using an SA2 based concordance. *Job seeker payments include those who are in receipt of either JobSeeker (aged 22 and over but under the Age Pension qualifying age) or Youth Allowance (other) payments (those aged 16 to 21). The reporting population for income support payments has changed to include those who are suspended from payment, and those who are current but on zero rate of payment for JobSeeker payments and those who are suspended from payment for Youth Allowance. Note that not everyone in receipt of income support is on the caseload. Data are published on data.gov.au.

#Given the volatility of the underlying data, industry employment proportions should be treated with a high degree of caution, particularly change over the year figures.
