Insights from the Recruitment Experiences and Outlook Survey

Northern Territory

Information on this page is based on the Recruitment Experiences and Outlook Survey, which is an ongoing survey of employers across Australia run by JSA. The survey collects insights on a range of topics, including recruitment activity, recruitment difficulty and employers' future staffing expectations. Data are for the year to February 2026, unless otherwise indicated.

Recruitment activity and experiences

In Northern Territory, there were 223 responding employers in the 12 months to February 2026, of whom 66% were recruiting or had recruited over the past month. Of these recruiting businesses, 60% had difficulty recruiting. By comparison, 49% of employers were recruiting in Australia over the same period, of whom 44% had difficulty recruiting.

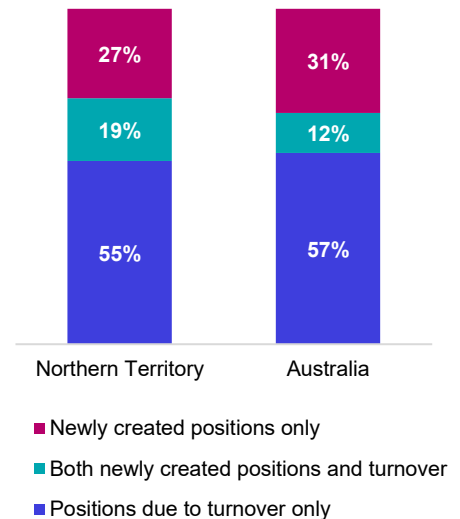

Employers in Northern Territory were most likely to report the following reasons for recruitment difficulty:

- Lack of suitable applicants
- Location, eg remote or regional
- Applicants lack technical skills
- Lack of applicants.

A chart showing reasons for recruitment for Northern Territory and Australia is included to the right.

Note: employers can select multiple reasons for recruitment difficulty.

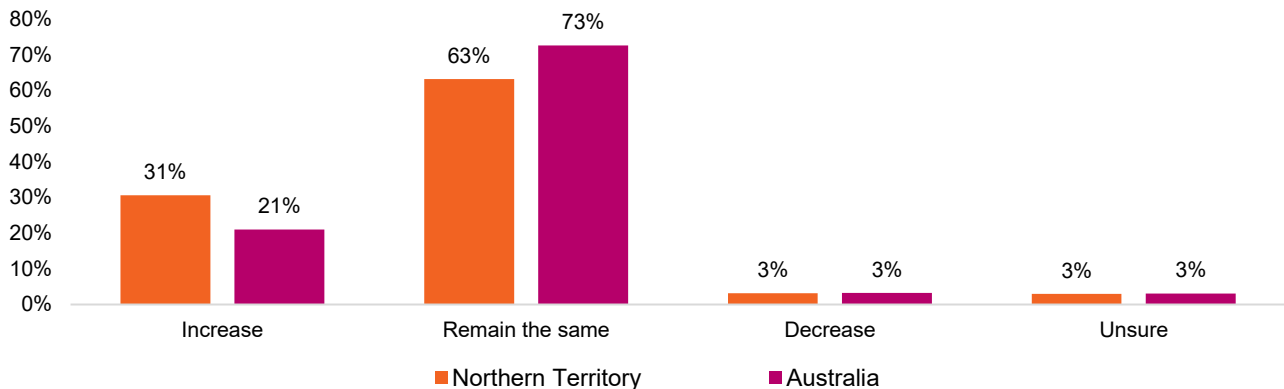

Reasons for recruitment

Staffing outlook for coming months

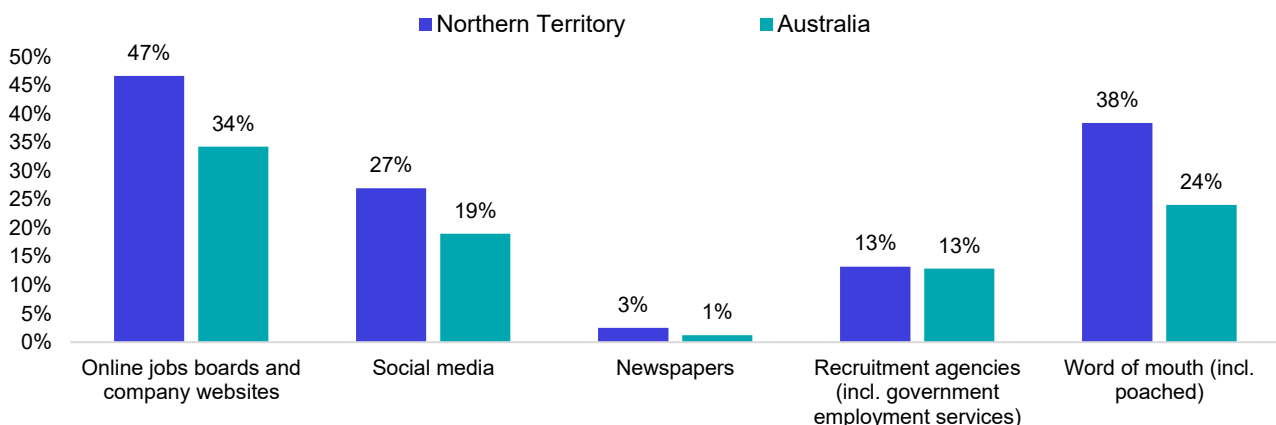

proportion of employers

Employers' staffing expectations

Recruitment methods

proportion of employers who were recruiting

Note: employers can select multiple methods of recruitment.

Due to small sample sizes for data for the territories, caution should be exercised interpreting these results. Weighted data are used for Northern Territory and Australia. Number of responses for each item varies depending on whether employers recruited or not. Reasons for recruitment difficulty data are only available for employers who have completed recruitment.

Darwin

Release date: 23 April 2026

Insights from the Recruitment Experiences and Outlook Survey

Darwin

Information on this page is based on the Recruitment Experiences and Outlook Survey, which is an ongoing survey of employers across Australia run by JSA. The survey collects insights on a range of topics, including recruitment activity, recruitment difficulty and employers' future staffing expectations. Data are for the year to February 2026, unless otherwise indicated.

Recruitment activity and experiences

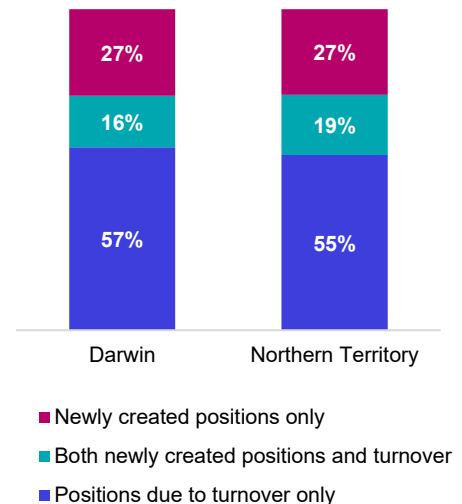

In Darwin, there were 170 responding employers in the 12 months to February 2026, of whom 59% were recruiting or had recruited in the past month. Of these recruiting businesses, 60% had difficulty recruiting. By comparison, 66% of employers were recruiting in Northern Territory over the same period, of whom 60% had difficulty recruiting.

Employers in Darwin were most likely to report the following reasons for recruitment difficulty:

- Lack of suitable applicants
- Applicants lack technical skills
- Location, eg remote or regional
- Applicants lack experience.

A chart showing reasons for recruitment for Darwin and Northern Territory is included to the right.
