Insights from the Recruitment Experiences and Outlook Survey

Broome

Information on this page is based on the Recruitment Experiences and Outlook Survey, which is an ongoing survey of employers across Australia run by JSA. The survey collects insights on a range of topics, including recruitment activity, recruitment difficulty and employers' future staffing expectations. *Note: data are for the the 12 months to August 2026.

Recruitment activity and experiences

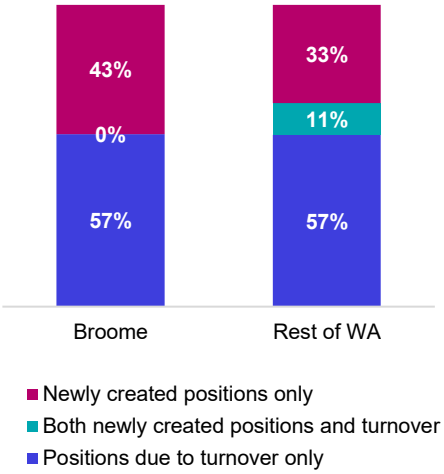

In Broome, there were 22 responding employers in the 12 months to August 2025, of whom 64% were recruiting or had recruited in the past month. Of these recruiting businesses, 69% had difficulty recruiting. By comparison, 57% of employers were recruiting in Rest of WA over the same period, of whom 54% had difficulty recruiting.

Employers in Broome were most likely to report the following reasons for recruitment difficulty:

- Lack of suitable applicants
- Location, eg remote or regional
- Applicants lack technical skills
- Undesirable working conditions/hours.

A chart showing reasons for recruitment for Broome and Rest of WA is included to the right. Figures for Rest of WA for this graph and those below are for the 12 months to August 2026.

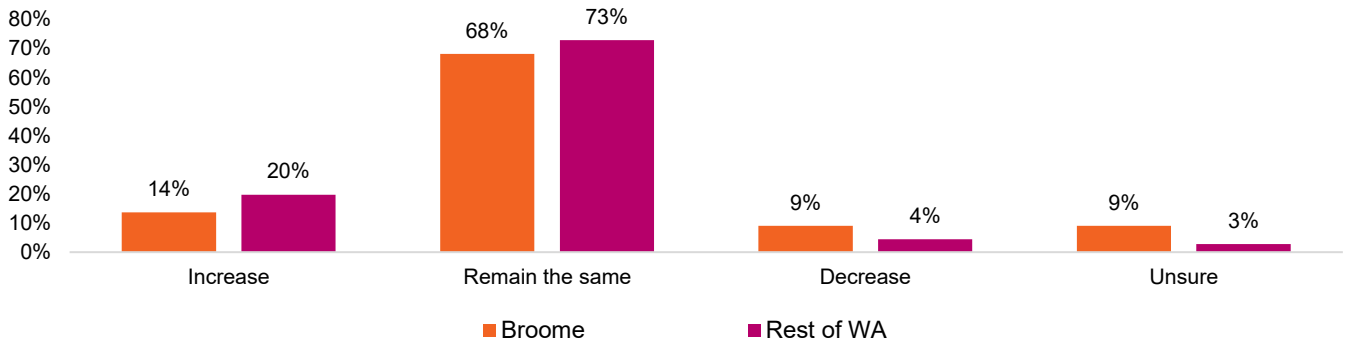

Reasons for recruitment

Staffing outlook for coming months

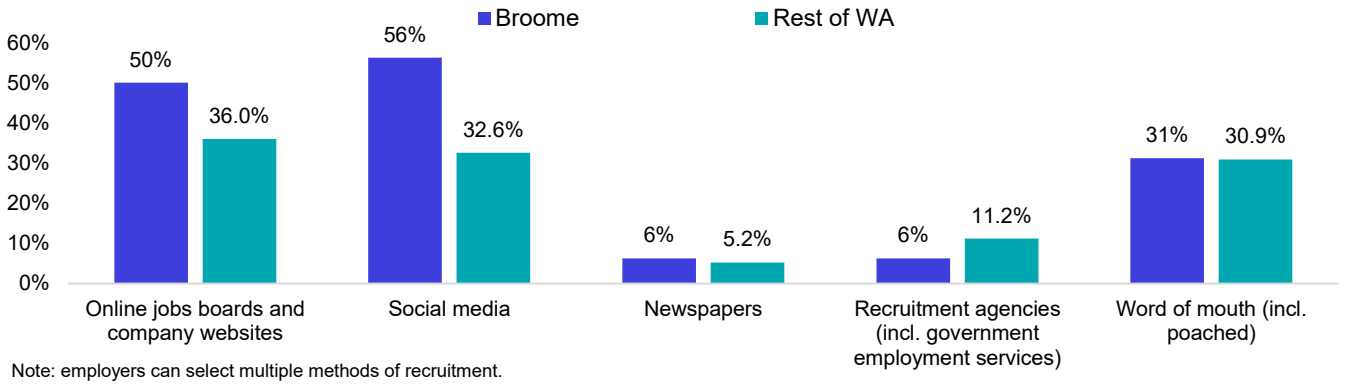

proportion of employers

Employers' staffing expectations

Recruitment methods

proportion of employers who were recruiting

Note: employers can select multiple methods of recruitment.

Due to small sample sizes for regional data, caution should be exercised interpreting these results. Unweighted data are used for Broome, while weighted data are used for Rest of WA. Number of responses for each item varies depending on whether employers recruited or not. Reasons for recruitment difficulty data are only available for employers who have completed recruitment.
